Ref: TOS-PROP-001

PROJECT PROPOSAL: [Project Name]

Prepared for: [Client Name / Company Name]

1. Executive Summary

Based on our discussions, Task On Solution proposes to develop [Brief description of the solution, e.g., a custom CRM and automated billing portal] for [Client Company]. This solution is designed to eliminate manual data entry, streamline customer management, and provide real-time financial analytics.

2. Scope of Work (Deliverables)

- **Phase 1: UI/UX & Architecture.** Wireframing of the dashboard and database schema design.
- **Phase 2: Core Development.** Building the backend (Python/Django) and frontend (React). Features include [Feature 1], [Feature 2], and [Feature 3].
- **Phase 3: Automation Integration.** Implementing [UiPath/Selenium] scripts for [Specific task].
- **Phase 4: Deployment & Security.** Provisioning a secure VPS, configuring SSL, and mapping the domain.

3. Timeline & Milestones

Estimated total completion time: [X] Weeks.

Milestone	Description	Week
Milestone 1	Requirement Sign-off & UI Mockups	Week 1-2
Milestone 2	Core Backend & Database Setup	Week 3-4
Milestone 3	Frontend Integration & Alpha Testing	Week 5-6
Milestone 4	Final QA, Deployment & Handoff	Week 7-8

4. Investment & Payment Terms

Total project investment: **INR [Amount] / USD [Amount]**.

Payment Schedule	Amount
Advance (Upon signing proposal)	30%
Milestone 2 (Backend completion)	40%
Final Delivery (Before server transfer)	30%
Total	100%

5. Acceptance of Proposal

By signing below, the client agrees to the scope, timeline, and payment terms outlined in this document.
